In old business, none.

In new business, Anthony Colasurdo provided an update for the plant, stating the reservoir is at normal capacity for this time of year. They have been communicating with H2M and Wall Township to ensure things run smoothly. Colasurdo provided additional updates regarding reporting, with the new DEP reporting system; reports were delayed but they are on top of it and getting everything caught up. Colasurdo provided additional updates on projects, stating carbon regeneration is going well and they are taking steps to prolong vessel lifespans.

In further new business, Pat Cole provided an update to the Northwest Wall project, stating system was first put into service manually to check for issues and debug; they are working through minor issues continuously. The first test was July 4th weekend and there was positive reaction.

There being no further old or new business and no public comment, Tom Nolan called for a motion to adjourn and all being in agreement, the meeting adjourned at 9:41 AM.
